

# Third East Midlands Stochastic Analysis Seminar (2004)

Partially supported by the LMS

**Venue: Mathematics Institute, the University of Warwick**

**Date: Wednesday, June 9, 2004**

14h30 - 15h30

**T. Sturm** (Bonn)

*Optimal mass transportation and nonlinear diffusions on manifolds*

Coffee break

16h00 - 17h00

**E. Lytvynov** (Swansea)

*Glauber dynamics of continuous particle systems*

17h15 - 18h15

**E. Zabey** (Geneva)

*Lyapunov modes in hard-disk systems*

**For further information, contact [Martin Hairer](#).**

This program is temporary and may still be subject to changes
